Response:

The college teachers are actively involved in making education more experiential, holistic, integrated, inquiry-driven, discovery-oriented, learner-centred, discussion-based, flexible and enjoyable.

The teachers guide the students on several social issues and motivate the students to participate in these issues to raise awareness among the people.

The teachers attended online seminars and webinars and tried to enhance their knowledge of their subject and area of interest.

The college is a nurturing ground for underprivileged students, fostering competence, confidence, and excellence. Remarkably, it houses over 70% of the scheduled caste population in Pune City, providing them with a platform for lifelong learning and personal growth.

Emphasising a holistic approach, the institution employs a three-tier system comprising academic, co-curricular, and extracurricular programs. By exposing students to multidisciplinary areas, the college enhances their theoretical knowledge and strengthens their emotional quotient and inner potential. This approach aligns seamlessly with the national objectives of higher education, emphasising social justice through Pradnya (knowledge) and Karuna (compassion) principles.
